CREATING SUCCESS STORIES

Western Primary School

SUCCESS GROUP FORUM MEETING ~

Tuesday 10th December 2019

SUCCESS GROUP FORUM MEETING – Tuesday 10th December 2019

On Tuesday 10th December, we had our first Success Group Forum of the year. It was a great opportunity to introduce our newly elected members to the Forum format as well as welcome back children who have been in a Success Group for a year or more!

This was also the first Forum for Mr Shillito, who was impressed with the enthusiasm and ideas that the children already have for making a positive impact on our school, in delivering success stories.

Many children have already been really busy and we look forward to next term and working hard to continue making Western Success Stories!

2019-2020 Newly Elected
Success Group Representatives

Stimulating

The Stimulating Success Group are responsible for English and Maths across school.

This term, they have been sorting through maths resources and organising the maths cupboard to make life easier for teachers! This has involved sorting through equipment no longer needed and checking that everything is in full working order. Thanks for this!

Next term, they plan to organise a reading competition to tie in with World Book Day and we look forward to learning more next term...

Stimulating Success Group 2019-2020

Understanding

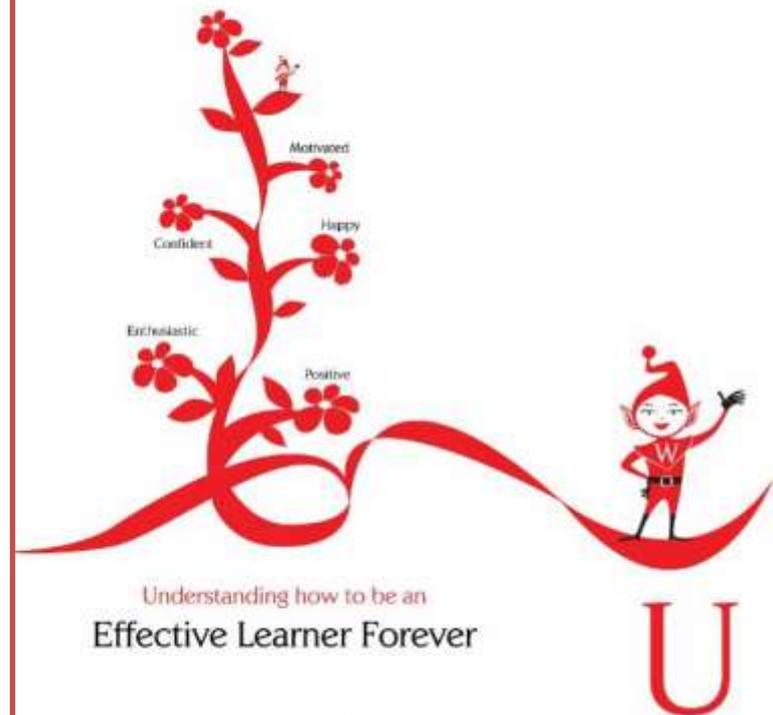

The Understanding Success Group are responsible for PE across school as well as Sports Day, ELF and road safety.

They organised road safety assemblies to tie in with Road Safety Week, to help ensure all our pupils stay safe on and around roads whether on bikes, on foot or in cars.

Currently, they are in discussion about introducing some different sports to PE and also during break-times. For example, volleyball and cross country.

Next term, their focus will be on observing PE in Years 1 and 2, organising an 'Inter-House Sports Fun Day' and maybe even a voting system for choosing different sports and activities.

We look forward to all these forthcoming events!

Understanding Success Group 2019-2020

Creating

The creating success group are responsible for 'Creating equal opportunities to be successful' and this term have been thinking about behaviour, autism and World Mental Health Day.

In addition to this, they have also been considering staff well-being, delivering assemblies on WMH Day and thinking about Healthy Schools Awards.

Next term, they will be involved in focusing on English as an additional language (EAL), doing a PSHE scrutiny and thinking about safety within school.

Sounds like they are going to be very busy!

Creating Success Group 2019-2020

Committed

The Committed Success Group are responsible for the provision of a dynamic curriculum. This includes: science, art, DT and RE...

This term they have been discussing using the iPad (and keynotes in particular) to help consolidate learning across the subject. In addition to this, they are planning to re-start science club and organising a STEM day, which will involve our local STEM ambassadors as well as other parent visitors, who work in the industry.

Next term, they are also introducing the use of 'lab coats' for science lessons to wear during investigations but to also record learning as the term progresses.

Committed to the provision of a
Dynamic Curriculum

C

Committed Success Group 2019-2020

Educating

The Educating Success Group are responsible for monitoring and evaluating history and geography across school.

Next term, they will continue to find and photograph evidence of geography and history on displays and in classrooms. In addition to this, they will observe geography and history lessons as well as checking that standards and marking are consistently high in books and on iPads.

Finally, the children are already thinking about ways to engage pupils in these subjects by running themed days and competitions so watch this space!

E

Educating Success Group 2019-2020

Supporting

The Supporting Success Group are responsible for promoting community cohesion, which involves fundraising activities, as well as British Values and SMSC within school.

This term, they have helped organise an assembly for the Harrogate Food Bank, who came in to see us earlier in the term.

Children in Need day, which they promoted with posters, helped to raise over £500 for the charity. In addition to this, they have also been promoting 'Christmas Jumper Day' a fundraiser for 'Save the children'.

Next term, they will be preparing for the highly successful 'Western's Got Talent' competition.

S

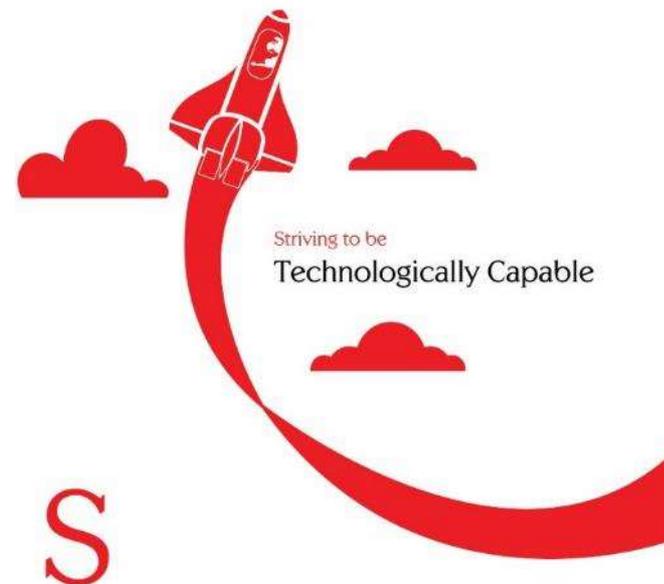

Supporting Success Group 2019-2020

Striving

The Striving Success Group are responsible for the technology and computing in school, helping to ensure all pupils are technologically capable.

This term has seen the introduction - throughout KS2- of the iPad scheme. They have also been discussing how they can be acting as ambassadors to support teachers and pupils alike, with the introduction of e.g. Sam Labs.

Next term, they will be planning an E-Safety assembly and discussing commencing an E Safety Club.
