

Reception What a Lot of Learning! Autumn Term

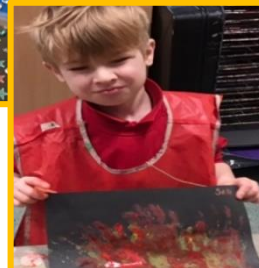

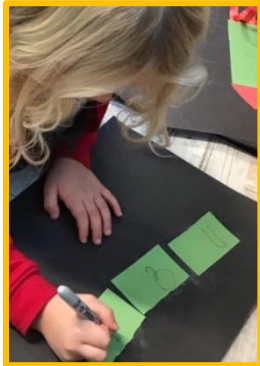

We enjoyed learning about Space and finding out lots of space facts. We smashed moon rocks, created planets using paint in a salad spinner and made phonics rockets.

We enjoyed Winnie the Witch and the Room on the Broom stories. We made our own rhyming potions, spooky crafts and used our tricky phonics to sound out ingredients in a potion!

We love learning outdoors; here we can collaborate, solve problems, play games, climb, investigate and explore. We also planted beans which we took home. Look how tall some of them grew!

We learnt about Bonfire Night and enjoyed lots of crafts and counting activities!

We talked about Remembrance Day and made poppies

We loved learning about People Who Help Us and enjoyed our visit from the police.
