

Turquoise Room Nursery

What a lot of learning this term...

We have had fun settling into our nursery; we have made friends, sung songs, read lots of stories and explored our room.

We have had lots of fun with our mark making and fine motor skills. We love painting, collaging, chalking outside, playing with playdough, finger painting and tracing lines.

We love lunchtimes in nursery. We sit at our table where we eat our delicious dinners with our cutlery.

We have enjoyed looking at numbers and shapes this term, as well as sorting objects and making patterns.

We have looked at many different topics this term; spooky week, bonfire night, Diwali, space, Christmas, Autumn, Room on the Broom, people who help us and all about me, We have loved creating different crafts for each of these, listening to different stories and
